Our Next Meeting :Wednesday 18th September 2024

Telephony and VOIP BT landline changes. Porting Numbers – Duncan et al.

As you probably have heard in the press BT's analogue network is being superseded by VOIP (Voice over Internet Protocol) so people will no longer have a landline in the old sense of the word. Come to our next Jitsi meeting to discover how this is being rolled out and the time scale for the changes. It should be interesting and will affect all of us in the future.

Our Last Meeting :Wednesday 21st August 2024

Social Evening at the Brook Inn Washbrook, Ipswich 7:30 p.m.

I think everyone enjoyed this evening. The food was excellent and service better than previous evenings. It was a new venue for most people and it

was great to see everyone again. Particularly our friends from Essex, Dick and his daughter, Gerald and Daniel. It was a shame that Anne did not feel well enough to come and we hope she is feeling better now. The noise level was a bit high but this seems always to be the case these days. I know I have hearing problems and it is one of the hazards of eating out.

Still very good to be able to get together again. Here are some customary photos as a reminder.
